

## How to get all your Google Calendars to appear on your iDevice with CalDav!

<p>Go to:  <a href="https://www.google.com/calendar/iphoneselect">www.google.com/calendar/iphoneselect</a>          Log in with your Google log in (be sure to add @eanesisd.net to your username)</p>	
<p>You'll see a listing of both your calendars and shared calendars. When you subscribe to a district calendar or are shared on a calendar in Google, they will appear on this list. Also, any extra calendars you create will appear here as well.</p> <p>Select the calendars you want to see on your iDevice. You can select all of them and then deselect them when they come on your device. (advisable)</p>	
<p>On your iDevice:          Go to Settings          Mail, Contacts, Calendars          Click on Add Account</p>	
<p>Click on Other</p>	
<p>Choose "Add CalDav Account"          (don't get confused and click on "Add CardDav Account on accident)</p>
