

How to Download Videos from Eanes TV Server

A user account has been created for the ITP's and other authorized individuals to download their own videos from Eanes TV for editing. Please use the following link and user credentials:

<\\10.4.2.1\D\wmpub\wmroot>

Username: Download

Password: Transfer

Note: The password is case sensitive. Also, you have full rights to all the folders. Any content deleted, moved, and/or manipulated is under the responsibility of the individual using this link.

If the above link does work by holding Ctrl and clicking the link, please try the following:

1. Open My Computer
2. In the address bar at the top delete what is there and type in: <\\10.4.2.1\D>
3. It should ask you for the login information. This is case sensitive.
User Name: Download
Password: Transfer
4. Click wmpub
5. Click WMRot

Please use this account to copy the video to your hard drive only. Do not rename, add or delete files from here because it will cause issues on the Eanes TV website. If you need to rename, add or delete videos please use the Eanes TV Website (<http://tv.eanesisd.net>).
